### SHORT COUNCIL SESSION.

City Attorney Taylor Explains the New Election Law.

Every alderman was in his seat last evening when Mayor Uhl dropped his gavel for the special session of the common council to come to order. It was exactly 8 o'clock when that body was declared to be in session, and seven minutes later the business had all been transacted and an adjournment taken. Mayor Uhl stated the object for which the council had been called together to be the filling of vacancies in the board of registration. There was but one vacancy reported and that was in the second precinct of the tenth ward. Alderman Carpenter introduced a resolution stating that William C. Harper had resigned in that precinct, and asking that Reuben Coe be appointed to fill the vacancy. Alderman Dregge offered as an amendment that the name of Harry C. White be substituted for that of Reuben Coe. After the question had been debated briefly by the two aldermen, the amendment was voted on and declared lost. The original resolution was then voted upon and carried.

After the council adjourned a large crowd, among which were several ladies, remained in the council chamber and City Attorney Taylor analyzed and explained the new election law. He posted a ticket on the wall and elucidated the method of marking it in order to vote for the elector's desired candidates. Mr. Taylor first stated that the polls for a city election are required to be open at 8 o'clock a. m. and to remain open until 5 o'clock p. m. The board of inspectors shall consist of three, with two clerks and two gatekeepers. The supervisor shall be chairman when the polls are in his precinct, otherwise the board of inspectors shall elect one of their number chairman. He explained the manner of folding a ticket and advised that a pencil be used in marking candidates, so as to avoid making duplicate marks from the fresh ink when folded. Mr. Taylor also stated that the law provides for instructing electors how to prepare their ballots when they are unable to do it themselves from any infirmity or by not being able to read the English language. All present appeared to be deeply interested in the matter, and kept the attorney busy answering the questions which they propounded to him.

### GEARY'S THEATER PLANS.

He Will Erect a Fine Block If He Can Secure a Sight.

When asked yesterday concerning his plans for a summer theater and a permanent museum and theater, Manager Geary said to a reporter for THE HERALD: "I am now negotiating with D. H. Waters for a piece of vacant land at the corner of Lyon and Ottawa streets, where I should establish a large pavilion theater, to be run during the summer. The business men on South Division street at the south end have agreed to give me a lot free of charge on the same conditions. The management of North park have made me an offer to maintain a pavilion theater there Sunday and do business in the city week days. There is a piece of property within a stone's throw of my present theater which I am endeavoring to obtain, but I shall know nothing definite until within a week or ten days. There I should build a permanent theater and museum. I understand that our place here is to be torn down and a large block put up for the Heyman people. If I could learn this definitely, I would negotiate with them for their present site. I also have in view the property at No. 37 South Division street, near Island, upon which I want to build a big block, having a well-organized stock company behind me. I should put the first floor into stores and have a trim little theater and large curio hall above. I want a museum three times as large as the old one, and I should make the place the headquarters for my traveling companies. At any rate I shall soon build a large theater and museum, but just where I can't say."

### COMPLAIN OF THE ROAD.

Residents Along the Reed's Lake Road Enter a Protest.

The present condition of the Reed's lake gravel road has caused the residents along the line to rise up and demand that something be done to alleviate the trouble. They have claimed for some time that the road is not properly a toll road, as the grade is so high at fault. During wet weather the south fork is nearly impassable on account of the deep mud, and they also claim that the gravel with which the road is covered is of a very poor quality and lacking in sufficient quantities. The matter was referred to Highway Commissioner Crawford, and yesterday he served a notice on President W. H. Anderson of the company to repair the south fork of the road as soon as the Hon. E. M. Barnard of Grand Rapids township, in speaking of the matter yesterday, said that portion of the road was in a worse condition than three-fourths of the free roads in the township, and the patrons have become tired of paying toll to travel over it.

### REMOVAL OF A FACTORY.

A Woodenware Manufacturing to go to Coleman.

A few months ago William Bishop of Edwardsville, purchased the Cupples woodenware plant, located on the river above the chair factory and intended to move it to his town. He afterwards changed his mind and sold it to Tomkins, Harris & Co., of Mt. Pleasant. The latter company began to wreck the structure yesterday preparatory to moving it to Coleman. The company has also purchased the general store of the Brookings Lumber company at Brookings and will take it to Coleman where they will soon begin to manufacture woodenware.

### WELCOME TO CORNELL.

Tourists From New York's Great College at Powers.

The appearance of the Cornell Green club at Powers' on next Saturday evening is causing considerable attention among the graduates of the many col-

leges who reside in Grand Rapids. There is a fraternal spirit among graduates and undergraduates which will result in a hearty welcome to the tourists of New York's leading educational institute. These singers from Cornell are on an Easter vacation trip, and they come to Grand Rapids unknown and unheralded, but the receptions which have been accorded them elsewhere prove that they are gentlemen worthy of every courtesy. The program which has been arranged is vocal and instrumental, and is composed of glee songs and banjo and mandolin quartets. Much enthusiasm is manifested by the local graduates of Cornell and it is reported that the alumni of Michigan university will be heartily in accord with the effort to extend the tourists from Cornell a hearty and generous welcome.

### About the Hotels.

"Daniel Soper, Newago," in a bold, free hand, crumpled the head of a page on the register of Sweet's hotel yesterday. The owner of the name was sought out and it is only justice to say that the ex-secretary of state carries his absurd bedecked head on one side in so chipper and cunning a manner that one is forcibly reminded of the cheery harbingers of spring that are coming among us daily. Mr. Soper looks neither east nor depressed. His step is firm, his eye bright and his manner easy. Asked as to the purpose of his visit to Grand Rapids, he said: "It is of a private and business nature entirely," and he lingered pointedly over the word "private." "I leave next week," he continued, "for the Dakotas where I have some large real estate interests that need looking after. I shall remain there a month."

"You won't be here for the state conventions then?"

"No," very sharply.

"How about politics anyway, Mr. Soper?"

"Now don't," very plaintively. "I am out of it and don't want to get in again."

"Kind of renewing the 'Daniel in the Lions den' yarn I guess," softly, from a bystander. "How is your health, Mr. Soper?"

Daniel, more animated and brisk; "good, never felt better and happier in my life, good afternoon." It will thus be seen that Daniel is a much-to-be-remembered man.

F. George of Milwaukee, a large furniture dealer, is at Sweet's hotel. He is buying heavily of the Grand Rapids product.

Misses Hall, Bert and Stacey and Messrs. Buchanan, Germain and Coote, all prominent members of the "Niobe" company, are at Sweet's hotel.

H. L. Rockfield, a prominent Chicago hotel man, is at Sweet's hotel. He is buying furniture for his house.

### Opinions of Workmen.

Henry Davenport—I am but a workman and I live in the Sixth ward and am a good democrat, yet let me say this: I think you republicans are in the best campaign since I have been a voter. Nine-tenths of the people's party come from the democratic party, and a good many live in my ward, especially enough to cause certain candidates to figure mighty close.

John Flannigan—People's party was a good party last fall; no good this spring. Voted with them then, will vote the republican ticket this spring. Don't think much of any other ticket, and this is the belief of many workmen right here in Grand Rapids.

Tom Portsmouth—Everything has gone to smash on account of that people's party. Tried to get democrats all over town to change off, endorse, to do anything to break up the republicans, but they wouldn't do it. It's a big smashup.

### Gaines' Township Tickets.

The republicans of Gaines township have nominated the following ticket: Supervisor, Nelson Kelley; clerk, Jesse W. Pickett; treasurer, Thomas Draper; highway commissioner, John Beohlt; justice of the peace, Albert Elain.

Gaines democrats have nominated the following township ticket: Supervisor, Lewis A. Solomon; clerk, Milton Strook; treasurer, Nelson Brower; highway commissioner, John H. Meehan; justice of the peace, William McCredan.

### School Teachers' Pay Day.

Today \$17,000 will be expended by the city in paying salaries due teachers in the public schools. The monthly stipend comes just in the nick of time. Easter is close at hand, and unless many of the fair ones could provide themselves with bonnets there would probably be a painful increase in the city's death rate.

### Plans for a New Depot.

Architect S. J. Osgood is drawing plans for the new C. & W. M. depot, to be built at Potowoy. It will be the finest structure of the kind in that part of the state. The building will be 115 feet in length, including an extensive porch on each side. The body of the building will be finished with shingles.

laughter. Unconsciously you are interested in Miss Kennedy's portrayal of "Boa." You laugh and cry with her as she fits like a beam of light through each set of the play. She laughs, cries, sings, dances; she's a hoyden, a trusting little fisher maiden, and no matter what she does she carries you along with her an unremitting worshiper at her shrine.

What a sturdy, massive, picturesque figure! Mr. Sullivan is in the character of "Davie," the rough fisherman and heroic lover; his quiet intensity suggests the strength of the ocean. And I laugh with reminiscent pleasure as I recall that delightful, verdant, uproarious, foolish "Bob Backus" as played by Mr. Kennedy. I surrendered at once; I'm laughing yet, and I advise those who deplore the fact that we have so few good plays, go see "She Couldn't Marry Three," and be happy.

Dewey, with his antidote, freed me in fifteen minutes from nasal disease; hearing, voice and smell, which had all been impaired, were fully restored; and I can safely say that the catarrhal sufferer has but to accept the treatment of Dr. Dewey, at Hotel Warwick, to know that it is as thorough as it is timely. ## PECK'S DRUG STORE

MARSHMALLOW SOAP

10 Cents Per Cake.

This soap is manufactured by Solon Palmer, New York. It is not made of tallow, but of French pomade. These pomades are used in making Palmer's extracts for the hair, cheeks, after the odor is washed from them by means of spirits, the residue pomade is manufactured into soap. Of course the supply of pomade is limited and the output of the soap small, but the quality is the best of any soap in the market, because the pomades are composed of the finest materials and are used for extracting the odor from the flowers. Each cake weighs five ounces. The soaps are free from the alkaline nature so injurious to tender hands and faces. We have had it tested by Mrs. Milburn, to determine its quality from inferior soaps. It cannot be purchased in the drug stores, as the trade-mark "Marshmallow," by mutual agreement, belongs to Peck Bros., and we decline to sell it at wholesale. Try a box of the Marshmallow Soap and decide upon its merits. 3c for three cakes.
